- > The focus of the meeting was to decide how to proceed during this time of quarantine in regard to keeping our staff paid and the church bills paid. Among those discussed were small business loans versus payroll tax credits for paid sick leave, Paycheck Protection Program, and the unemployment assistance program.
- > After much discussion on the pros and cons of each program, Pastor Scott made a motion to apply for the Paycheck Protection Program to expend funds for already budgeted expenditures complying with the terms for full forgiveness of the loan. Those terms would be if 75% of the loan at 1% interest rate was used on payroll. Sherry seconded the motion.
- > Before voting Phil added an amendment to pursue other programs if the PPP was not available to us. Bob seconded the amendment and the amendment passed, and the original motion was also passed. These monies would be used for wages, housing, and employee benefits. Any monies not used can be paid back to the lender.
- >
- > Pastor made a motion to adjourn the meeting. Bob seconded and the meeting closed with prayer.
